PROFESSIONAL SUMMARY

A driven and tech-savvy Systems Development graduate with a passion for software development, programming, and web technologies. Equipped with certifications in JavaScript, HTML, and CSS, alongside strong proficiency in Python, Java, and C#. Adept at problem-solving and developing technical solutions with a focus on efficiency and innovation. Eager to contribute to dynamic teams and advance in the IT industry, with a commitment to continuous learning and growth.

EXPERIENCE

LEARNERSHIP - CTU Training Solutions in Partnership with Microsoft **May 2024 - July 2024**

- Participating in a comprehensive learnership program focused on developing proficiency in Microsoft 365 and Azure platforms.
- Acquired hands-on experience managing and configuring Microsoft 365 environments, ensuring security and compliance, and implementing identity synchronization.
- Gained practical knowledge in using Microsoft Defender XDR for threat protection and security service management.
- Engaged in projects and tasks aimed at preparing organizations for Microsoft 365 Copilot, managing data security, and ensuring data compliance.

INTERNSHIP – Netcampus KGS labour activation programme **November 2024 – October 2024**

- Training in SDA, CompTIA A+ and N+.

EDUCATION

DECEMBER 2023

FET CERTIFICATE IN SYSTEMS DEVELOPMENT - CTU Training Solutions

- A comprehensive qualification focused on software development and programming.
- Developed technical skills in **Java, Python, C#, HTML, CSS, and JavaScript** for building and managing software applications.
- Gained hands-on experience in coding, debugging, and testing software.
- Achieved industry-recognized certifications:
 - **IT Specialist – JavaScript** (Certiport)
 - **IT Specialist – HTML & CSS** (Certiport)
- Acquired proficiency in **Microsoft Office** for project documentation and presentation tasks.

DECEMBER 2022

NATIONAL SENIOR CERTIFICATE (NSC) - Vaal Christian School

Subjects Passed:

Mathematics, Physical Science, Life Science, Sesotho, English, Life Orientation, History

SKILLS & ABILITIES

- **Programming Languages:** Proficient in Java, Python, C#, HTML, CSS, and JavaScript.
- **Web Development:** Skilled in front-end technologies like HTML, CSS, and JavaScript, with a focus on responsive design and user experience.
- **Software Development:** Experience in coding, debugging, and testing applications in multiple programming languages.
- **Computer Proficiency:** Strong command of Microsoft Office Suite (Word, Excel, PowerPoint).
- **Problem-Solving:** Able to identify issues in code and develop innovative solutions to improve functionality.
- **Attention to Detail:** Ensures precision in code development and software testing to minimize errors and optimize performance.
- **Adaptability:** Quick to learn new technologies and adapt to different development environments.
- **Teamwork & Collaboration:** Works effectively in team settings while also being capable of working independently.
